REQUIREMENTS

Lots and lots of lovely scraps of fabrics

If using these flowers on a garment you can either stitch them on temporarily or alternatively you can purchase brooch pins

Another kind of flower is one you can make by using wired ribbon - so if you have some of this bring it along and we will make a flower or two

Please note – the fabric you will be using does not have to be new, it can be a dress, skirt, etc., - ready to start a new life – re-cycled.
